OFFICE—Corner of Third Street and Broadway.

### HUTCHINS SPEAKS FRIDAY.

A letter received by Dr. Shields, this morning, from Hon. Stilson Hutchins, states that he will be here without fail Friday. Arrangements have been made for him to speak at the Fair Grounds that day.

The judicial convention for the 16th circuit meets at Monroe City to-morrow. Marion and Ralls counties have not appointed any delegates and a nomination, therefore, if one is made now, will be made by Monroe and Shelby.

The radical congressional convention for the twelfth district met at Macon City to-day. Messrs C. P. Heywood, J. T. K. Hayward, R. H. Drane, and others whose names we did not learn, went as delegates from this city, and were understood to favor a nomination.

FRANK M. TURNER, the Democratic candidate for representative from Monroe county, is not only a gentleman of education and culture, but he is thoroughly enterprising and progressive. His time and money have been freely given for the support of schools and churches, and for pushing forward all public enterprises. He is liberal minded and generous, and will make a number one representative, and the returns from the November election will indicate most unmistakably that nearly all the people of Marion county are of this opinion.

The Kansas City Times says that Dr. E. D. Shannon, the democratic candidate for state superintendent of public instruction, has the confidence of the party that nominated him, and besides he is known as a firm and steadfast friend of the cause of popular education. He is a gentleman of culture, polished and graceful in his address; an honest man, conscientious in the discharge of duty, and well qualified to fill the position. Such is the candidate on the democratic ticket, and just such a man is required to watch the interests of the children of the state. No democrat can hesitate a moment how to vote in this crisis.

The St. Louis Democratic convention Monday, made the following nominations:

Judge Circuit Court, John Wickham; Judge Criminal Court, Wm. C. Jones; Judge Court Criminal Correction, John W. Colvin; Presiding Justice County Court, Chas. F. Schultz; Sheriff, John G. Prather; Collector, Theophile Papin; Recorder, D. H. MacAdam; Treasurer, Herman Reichen; Marshal, John A. Watson; Coroner, G. F. Dudley; Attorney Court Criminal Correction, M. W. Hogan; Assistant Attorney Court Criminal Correction, P. J. Taffo; Clerk Circuit Court, J. F. Thornton; Clerk Criminal Court, A. J. Clabby; Clerk Court Criminal Correction, Wm. Fitzgerald; Clerk County Court, F. L. Garesche.

Senators—Thirty-second district, John H. Terry; Thirty-fourth district, W. B. Thompson.

Representatives—First district, D. O. Tracy; Second district, Fred. Stumpff; Third district, Edward Keenan; Fourth district, John Ryan; Fifth district, Thos. C. Reynolds; Sixth district, Stilson Hutchins; Seventh district, B. F. Stoltemeyer; Eighth district, John J. O'Neill; Ninth district, John I. Martin; Tenth district, John Sexton.

A Washington dispatch states that Senator Patterson, of North Carolina, is still in that city, and more earnest and conspicuous in the third-term movement than ever. He claims that he, as a delegate to the state convention at Columbia on the 8th of September, secured the passage of the third-term indorsement

of Gen. Grant, and he says he intends to do all he can in the future to secure Grant's nomination by the republicans. He says the southern republican convention at Chattanooga, on the 18th of October, will be a gathering worth remembering, and one whose action ought to have some consideration in the republican party. It will be a gathering of republican delegates from every electoral district in the south, and whatever it does will be an expression of the feeling and policy of the united party in the southern states. He also believes that the convention will endorse Gen. Grant for a third term with enthusiasm. Finally, the senator has no doubt that Grant will be the next nominee of the republicans, and that he will be triumphantly elected. Senator Patterson doubtless reflects the sentiments of the carpet bag and scallawag cormorants in the south, but this is no indication that what he says has much significance.

### NEWS AND NOTES.

The Louisiana fair commences October 13th, and continues four days.

Tim prohibitionists of Adams county, Illinois, have called a convention to meet at Camp Point, October 6th, to nominate a county ticket.

In Missouri, after 1876, every voter must be able to read and write. This does not apply to those who are voters now, but to those who become qualified after that time.

The commissioners appointed to the capital convention at Louisville, October 22nd, for the 12th district of the state are Col. John F. Williams, of Macon, and T. O. Towles, of LaGrange.

Col. T. L. Anderson, of Palmyra, has been appointed by Gov. Woodson, one of the commissioners for the state at large to represent Missouri at the capital convention in Louisville, Ky., October 22nd.

The radical papers of this state are having a good time just now in publishing the names of other radical papers that support the third party ticket. None but radical papers go to the third party ticket now.

JOSEPH H. BRADLEY, whose name was stricken from the list of attorneys in the District of Columbia by order of Judge Fisher, during the trial of John H. Surratt, has been restored to practice by Judge Carter.

ROBT. TEMPLETON, of Dudley, Mass., who shot his wife dead on the 5th of May last, was allowed to plead guilty to murder in the second degree Tuesday morning and was sentenced to the state prison for life.

BETWEEN 300 and 400 employees, principally women, will be discharged from the Treasury Printing Bureau, owing to the transfer of printing the internal revenue stamps from the Treasury to the New York Bank Note Company.

THOMAS PARKS shot himself through the head in Sedalia, on Saturday. The *Baseo* remarks that at last accounts "he was still alive and sensible." It is curious that putting a bullet through a man's head should bring him to his senses.

Isn't it strange that Democrats who have been fully awakened to the corruption in the administration of public affairs will seek an alliance with the party that is chiefly responsible for the corruption and the necessity for reform which has been laid upon the people?

The superintendent of the Central Pacific railroad, in a card published Tuesday, tacitly admits the stories of robberies, outrages, etc., on passengers, by gamblers and thieves, on that road, but says the passengers must protect themselves by refusing to play any game with them.

The Richmond *Conservator* has been informed that B. Graiz Brown intends unfurling the victorious standard of the democracy during the present campaign, and will tackle Schurz upon the stump whenever the metallic senator starts out with the Gentry flag and his visionary schemes on finance.

AN unknown man threw himself under a locomotive on the Pan Handle road Tuesday just as it rounded a curve in Columbus, Ohio, and was immediately cut to pieces. On his body no papers were found and no clue except an envelope, on which were scribbled the words, "To Jack Reed and Miss Hissel I lay the justification of my death."

The Nevada democratic state convention, on Tuesday, the 29th inst., adopted a platform opposing a third term; condemning the salary grab; opposing Chinese immigration; arranging the administration for a new power; demanding a repeal of the bullion tax; and condemning the violence recently perpetrated in the south.

Ex-SENATOR JOHN B. HENDERSON, railroad attorney, assured the delegates to the radical state convention that the success of the third party ticket would be the success of the radical party; that they would control the power of his administration so effectively that in two years more the republican state ticket would be elected by an overwhelming majority.

On Sunday night last, in Chicago, W. M. Fischer attacked his step-daughter, Catherine Miller, a girl of seventeen,

stabbing her seven or eight times in the head, breast and abdomen, inflicting wounds which will prove fatal. It appears from the girl's statement that Fischer, whose wife died recently, is the father of her illegitimate child, having forcibly outraged her over a year ago, and that he wanted to compel her to return to his house and live with him. Fischer was arrested.

The political contest in this state has now about settled down to the two old parties—Democratic and Radical. Before the day of election it will be understood by all. The Radicals are taking charge of the so-called people's movement, and the consequence is the people will have nothing to do with it. Such Democrats as desired a real people's movement are by no means to be drawn into a pure Radical movement under that name.

ABOUT 1802 Geo. W. Smith was charged with committing a murder in Henry county, Tenn. He was tried by a court-martial and acquitted, and has for some years been living in Massac county, Ill. On the 21st inst. Rufus Ward and one Anderson seized him without any process of law, and took him away from his home declaring their intention to take him to Henry county, Tenn., where they said an indictment for the murder was on file. Gov. Beveridge has made an urgent demand on Gov. Brown, of Tennessee, insisting on the release of Smith and surrender of Ward and Anderson to be tried for the kidnapping.

The representatives of the conservative party in Louisiana and of the Kellogg government, who have been in conference for some days past, announced their agreement, Tuesday, by the terms of which the conservatives pledge themselves to cause the acts of violence and intimidation to cease throughout the state, and to assist the constituted authorities in maintaining peace and insuring a strictly fair and impartial registration and election, and to use every effort to bring to justice those who attempt to use violence or make threats of personal violence to control the election. An advisory committee of five persons is constituted; Albert Voorhes and E. S. Burk being selected by the conservatives, E. B. Packard and B. F. Joubert by the republicans and Dr. M. F. Bouzanes has been selected as umpire by both parties. This committee is to supervise the registration throughout the state on behalf of all parties. Gov. Kellogg pledges himself of his own accord to set upon the advice and suggestions of the advisory committee, as long as such advice is legal. It is also agreed that two persons shall be named by the representatives of the conservative and people's party, who shall be charged, according to law, to fill two vacancies, which shall be created by resignation, in the returning board. The political complexion of the Advisory Committee is as follows: Voorhes, last ditch democrat, Burk, liberal republican, and an avowed third term; Packard, Joubert and Bouzanes, Federal officials. The conservatives generally think they have gained but little by the conference agreement. It is now stated that compromises will be made in every parish in the State by the conservatives similar to that recently effected in Terrebonne parish, dividing the offices equally between colored republicans and white conservatives.

### A RAILROAD DIFFICULTY.

The Chicago Times of yesterday has the following:

Mr. E. A. Parker, at present city passenger agent for the Chicago and North-western road, is the ex-general passenger and ticket agent for the Hannibal and St. Jo. railroad. He was in the employ of the latter company for several years, and aided materially in building up a good name for the Missouri road as a line passenger thoroughfare. Through some changes of the management of the line, Mr. Parker found it to his interest to resign his position and come to Chicago. At the time of leaving, the Hannibal road was owing him a considerable sum of money as wages, which Mr. Parker has been unable to collect up to the present time. He has continually urged the payment of the debt, but could get nothing better than assurances from the ungrateful corporation. The matter remained in this shape until yesterday, when No. 47, one of the passenger trains, was delayed by the company, came in over the Chicago, Burlington and Quincy road. Mr. Parker had a writ of attachment issued, and at 10 A. M., when the train was ready to leave for Kansas City, a deputy sheriff forbade the removal of the coach in question. In consequence, the car remains on a side track, and will continue to stay in the city until Mr. Parker's just debt is paid.
